FESTIVAL REQUIREMENTS

Guidelines for making a video recording.

All videos must be submitted no later than 11th June, 2022.

Make a video of the participant playing their piece using a cellphone. For best results, use a high-resolution setting (720p or 1080p is good, 4k is too big). Position the phone in such a way that we can see your fingers. Turn the phone so that the video is recorded in horizontal / landscape orientation (not vertical / portrait).

If possible, prop the phone against something solid or use a tripod. If you are getting someone to handhold the phone, try and keep the phone as stable as you can.

Make sure your phone is charged. You don't want to run out of battery while recording.

Try and keep background noise to a minimum while recording the piece. The room should be quiet and well-lit and avoid any shadows falling on the performer.

It is a good idea to wear plain colours. Stripes and checks can be distracting.

Dress for the occasion. Participants are requested to bow after their performance.

Recording: Performers and accompanists should be ready with their instruments and in position; recording should begin 5 seconds before the first note.

Recital Programmes **MUST** be recorded in one take.

Piano: Must be a well-tuned grand piano or an upright piano.

Copy the completed video clip onto your computer (**do not send using WhatsApp**).
